Source Data for the Official Soil Survey

Macon County - General

The traditional final product of first generation soil survey mapping has been the soil survey publication. Each publication included soil map unit descriptions, series descriptions, tables of information (attributes), and maps. One copy of this publication is retained at the USDA Service Center, NRCS Field Office, and designated as the "Official Copy". This official copy was established to maintain the most current soil information for a survey area.

The official source of soil data is the NASIS database and the digital spatial data (SSURGO). The SSURGO tabular and/or special data may be downloaded from:

<http://soildatamart.nrcs.usda.gov/Download.aspx?Survey=NC113&UseState=NC>

A web based set of data is also available. Interpretations and data may be accessed at:

<http://soildatamart.nrcs.usda.gov/Report.aspx?Survey=NC113&UseState=NC>

The data on this site is the most current available.

Copies of the published soil survey are available from:

FRANKLIN FIELD OFFICE

TELEPHONE: (828) 524-3311 **FAX:** (828) 369-5347

Mailing Address: 191 Thomas Heights Rd., Macon Agri. Service Center, Franklin, NC 28734.

For other information, contact the NRCS field office or the NRCS Resource Soil Scientist at:

WAYNESVILLE AREA OFFICE

TELEPHONE: (828) 456-3557 (Ext. 5) **FAX:** (828) 452-7031

Mailing Address: 589 Raccoon Road, Suite 246, Waynesville, NC 28786-3217
